WELCOME

Marmaris, one of Turkey's major tourism hubs, is a distinguished coastal city that stands out for its natural beauty, well-developed tourism infrastructure, and vibrant lifestyle, while also hosting international events. Located at the intersection of the Mediterranean and Aegean Seas, Marmaris has historically stood out for its strategic importance; it served as a base for Sultan Suleiman the Magnificent prior to his Rhodes Campaign and possesses a rich heritage rooted in its deep-seated history. With a history spanning from ancient times to the present, Marmaris bears the traces of the Carian civilization; its unique coves, azure sea, and lush greenery make it a true natural wonder.

Known for its unique geography, Marmaris is situated where pine-forested mountains meet the sea, and with its long coastline and numerous coves of all sizes, it is a major hub for maritime tourism. Thanks to its mild Mediterranean climate, the city enjoys favorable weather conditions for most of the year, offering an ideal environment for yacht tourism, outdoor sports, and water sports. Additionally, known for hosting international rallies, Marmaris is a key destination for motorsports, featuring tracks with challenging and technical stages.

Marmaris, where modern tourism amenities coexist harmoniously with traditional charm, is situated in an easily accessible location thanks to convenient land, sea, and air transportation, and serves as a regional hub due to its strong connections with surrounding areas. Where history, nature, and sports intertwine, Marmaris stands out as an indispensable destination for both visitors and international organizations, thanks to its natural beauty, cultural richness, and dynamic character.

The 2026 Marmaris Aegean Rally, one of the key rounds of the Turkish Rally Championship, will take place on April 3–4 in Marmaris, renowned for its unique natural beauty. We wish you all a fun and exciting race.

As president of the Aegean Automobile Sports Club, we are proud and honored to welcome you in this wonderful atmosphere. WELCOME...

Sincerely,
Özer YÜCE

SERVICE AREA

A) Location:

Transportation plans for the service area located in the Marmaris district are available on the race website. The layout plan will be provided to teams and individual athletes by the staff on-site.

B) Service Vehicles:

Only vehicles issued a service permit by the organization will be allowed to enter the Service Area. Service and maintenance vehicles other than those specified above may be parked in the area indicated on the map below, located across from the covered market.

C) Restrictions:

Under no circumstances will drilling holes be permitted on any part of surfaces made of concrete or paving stones. The service area, which belongs to the local administration, will be inspected by municipal officials on the evening of April 4, 2026, to identify any damage caused to the ground or existing structures. The cost of such damage will be charged to the participants.

D) Working Hours:

The service area will open for teams on April 1, 2026, at 11:00 AM.

E) Super Rally

For vehicles participating in the Super Rally, a staff member will be present in the closed parking area throughout the night. Any competitor participating in the Super Rally must bring their vehicle to the closed parking area at least 1 hour before the start the following day.

F) Social Amenities:

Trash collection, restroom services, and lighting will be provided free of charge to competitors throughout the race.

TWO-WAY RADIO COMMUNICATION

Communication via the race's radio frequencies will be conducted using devices provided by TOSFED on frequencies specifically allocated by BTK. Competitors wishing to use their own systems must hold a license compliant with ICTA protocols.

FUEL

A) Permissible Fuel

Must comply with Article 48 (Fuel Use) of the 2026 National Rally Regulations published by TOSFED.

B) Fuel Refueling

Refueling must be conducted in accordance with Article 47.2, "Refueling Area Procedures," of the 2026 National Rally Regulations published by TOSFED. For safety and environmental reasons, refueling must be performed only at locations designated by signs at the exit of the Service Area and in areas specified in the road book, by personnel who have taken the necessary safety precautions.

TIRES

A) Compliance and Inspection

There is no limit on the number of tires, but all tires must comply with Article 49.1.1 of the 2026 National Rally Regulations published by TOSFED. Tire markings will be performed by technical inspection officials in the area indicated by signs at the exit of the Service Area.

B) Reconnaissance Tires

Standard road tires may be used during route reconnaissance.

ACCOMMODATION

The Tui Blue Grand Azur Hotel, which will also serve as the rally headquarters during the event, is an official sponsor of the rally. The hotel will offer exclusive services and rates to both competitors and guests staying there for the organization.

Hotel Information:

Tui Blue Grand Azur Hotel
Cumhuriyet Boulevard No. 17, 48700 Marmaris
0506 824 47 53

ROUTE EXPLORATION

All materials required for route reconnaissance can be collected from the rally secretariat at the rally headquarters from 11:00 a.m. to 7:00 p.m. on April 1, 2026, or from 7:30 a.m. to 12:30 p.m. on April 2, 2016.

RACE START

The rally will begin with the first car starting at 8:00 AM on April 3, 2026, from Atatürk City Square. You can find the detailed schedule in the attachments section.

RACE FINISH

You can find details regarding the race finish layout on the map in the attachments section. The rally's finish podium will be at 8D Atatürk City Square. After the competitors step onto the podium, they will be directed by officials to the Closed Park Entrance.

For the First, Second, and Third place finishers in all categories:

Third Place: The team that takes the stage with their vehicle will stop in the center of the stage. After turning off the vehicle's engine, they will exit the vehicle. With both doors of the vehicle open, the team will remain on the stage for 1 minute to allow the media to take photos. They will then exit the stage with their vehicle and proceed to the Closed Park.

Second: The exact same procedure as for third place will be followed.

First: The exact same procedure as the Second will be followed.

The winning teams will take the podium in the order of Third, Second, and First.

Traffic

Between April 2–4, traffic congestion may occur at city entrances and on major thoroughfares, particularly starting Friday evening, due to the increased volume of traffic coinciding with the weekend in Marmaris. Compounded by the holiday season, there is a noticeable increase in vehicle traffic heading toward Marmaris from Muğla city center and surrounding districts.

There are two main routes to choose from to reach Marmaris. You can reach Marmaris via the Ula–Akyaka route through the center of Muğla. While this route offers scenic views, it can cause traffic to slow down, especially during peak hours.

Alternatively, participants coming from the Dalaman direction can reach Marmaris via the Ortaca–Köyceğiz route. While this route is generally less congested, it requires careful driving due to the winding nature of the road.

Considering the potential traffic congestion during the specified dates, participants are advised to plan their travel in advance and depart as early as possible.

Nearby Hospitals

The nearest healthcare facility and district state hospital to the rally center are:

- Marmaris State Hospital: 0252 412 10 29
